EXPERIENCE

Tezo

Product Engineer Intern

Hyderabad, India

January 2024 - July 2024

- Developed a responsive web application for a tours and travel website using HTML5 and CSS, ensuring optimal display across various devices.
- Developed a dynamic Employee Directory web app with Angular and ASP.NET, ensuring seamless integration of frontend and backend for enhanced user interaction and data management.
- Collaborated with cross-functional teams to implement effective optimizations in Angular frontend and ASP.NET backend, enhancing application efficiency and scalability while meeting project deadlines.

All India Council of Technical Council

Web developer Intern

New Delhi, India

March 2023 - January 2024

- Led initiatives to enhance the functionality and usability of kapila.mic.gov.in by implementing regular updates and strategic bug fixes, ensuring a more intuitive browsing experience for users.
- Worked with cross-functional teams to identify and implement solutions that enhanced the overall performance of sia.mic.gov.in, resulting in a more user-friendly interface.

PROJECTS

Umeed - A way to save life

- Pioneered the development of a groundbreaking Android application that revolutionizes patient access to healthcare services, seamlessly connecting them with hospitals, clinics, and blood banks.
- Innovated an intuitive application that dynamically displays real-time availability of hospital beds, including critical ICU beds, empowering users with vital healthcare information at their fingertips.

Vitran

- Spearheaded the development of a dedicated scholarship application platform, enhancing accessibility and efficiency for students applying for scholarships.
- Engineered an integrated registration system for educational institutes, centralizing registrations across state portals, thereby reducing administrative burden.
- Implemented personalized recommendation algorithms and direct complaint channels, enhancing user experience and accountability within the scholarship application process.

ACHIVEMENTS

- Achieved consecutive victories in the prestigious Smart India Hackathon ('2023 and '2022), securing top honors among 250+ teams addressing identical problem statements at the national level.
- Secured 1st Runner-up position at Ideafiesta'22, an Inter-College Hackathon, outperforming 85 teams and showcasing exemplary skills in innovation.
